25X15

115 DAY  
CORN SEED HYBRID

ADAPTABLE

### KEY BENEFITS

- Widely adapted hybrid
- Excellent under irrigation
- Full flex ear

### DESCRIPTION

25X15 is all about top end horsepower. 25X15 kicks out a ton of yield but tends to hang a little wet in spite of its relatively early flowering for its maturity. 25X15 has ears with exceptional flex in both length and girth. It's leaf disease package is a solid step up over our closely related 42X14 and 24P14 hybrids.
