

## H92C9 Conventional - 92 Day

H92C9 is our 92 day corn that comes from inbreds that are tried and true. This hybrid has a semi-determinate ear with potential for high yields in the right zone and also offers great stalks for good standability into fall. Shows good drought tolerance. Keep away from Goss's wilt.

### Quick Description:

- Benchmark product with proven track record
- Semi-determinate ear with potential for yield
- Very good stalks

<b>Maturity</b>	92	<b>Early Plant Vigor</b>	Very Good
